YOUTH SERVICE PLEDGE

I _____ pledge to be an active member of the AKF Youth Club. I will dedicate my life to serving the people of my community and country; to uphold and practice the ideals and values enshrined by the Ahmed Kathrada Foundation.

I commit to pick up the baton passed on by those who fought in the struggle against oppression, and dedicate my time and energy to tackle social issues. I will practice equality, advocate for the dignity of all, keep learning, and use my agency for creating change. I will respect all people and the environment. I will act with integrity and endeavour to always lead by example in creating a non-racial, non-sexist society. I accept and understand that being a leader comes with sacrifice and I am ready to make that sacrifice so that our communities, country and continent can prosper.
