Dear Kathy -

Congratulations to you on receiving yet another honor you so richly deserve.

It is my privilege to be here to celebrate it with you.

I am so proud of you, what you have accomplished and continue to, and the extraordinary example you set for living a life of integrity and vitality.

"Special" is a word that is used to describe something one-of-a-kind, like a hug or a sunset or a person who spreads love with a smile or kind gesture. "Special" describes people who act from the heart and keep in mind the hearts of others. "Special" applies to something that is admired and precious and that can never be replaced. "Special" is the word that best describes you.

My love and best wishes,
As always,
Marcie

11th June. 97.

My dear KATHY,

Firstly, my apologies that I did not get in touch with you while I was briefly at home. Chota had come for a check-up, he is all clear, so don't worry. Chota's niece, Lolwa, was passed away while we were there; and also my brother's wife was quite sick.

It was a very short visit, & we are back in Rabat. Essop Rahad & Meg were

with me on the same flight.

Kathy, come and pay a visit to us. Feel free, and regard our home as your home. We would like you to come while we are here.

Chota is kept busy at the Embassy & has a full day. The weather is getting very hot, and July and August are quite hot. September, Oct and Nov are cooler months.
Very love to Babara.

Chota.

Dear Kathy,

We hope this reaches you safely via the Balsa Island Museum.

We are delighted to hear that you may be coming to Texas in April for your special book launch. We are looking forward to some good visits at that time.

Jean has been feeling a lot better lately - after years of swollen lungs & another shortness of breath, etc. We hope this will continue & are just encouraged.

Just a reminder
that you're thought of often...

Please accept this Cayman calendar as a token of our friendship - now 55 years old!

Dearest Kathy,

Dear Mr. Kathrada

Please allow me to introduce myself. My name is Rene Woodhouse. I am the daughter of Duggie Dai. My mother was Betty (Elizabeth) Hannan.

My parents separated when I was very young, about two years of age. My mother never spoke about my father so I grew up knowing almost nothing about him.

I recently made contact

with my Chinese family and they have shared what they know of my father with me.

I am hoping that you would be able to tell me about my dad as I believe you were friends. I am friends with the Marcus family, and I know that Gill would be prepared to vouch for my credentials. I may be contacted at this postal address or at my email address: rene.woodhouse@yahoo.com

I look forward with anticipation to your response in due course. Warm regards.

Welcome and Congratulations
and Viva! Kathy,
What a wonderful release
Of course it would be
great to see you, and
that day should not be
too far away now.
It was so good to hear
your message at the
memorial meeting for H.

Yesterday. About 60 people
turned up. Paul chaired and
Harry took, Denis W. and
Albie and his all spoke
about H. In his unassuming
and quiet way he had
achieved so much.
By the time you get this you
will have had that
historic meeting in To'burg.
What an enormity of difference
from the 60's. Every meeting
like the Congress of the People
so exciting and your names
and being known to all. Wish
I were there. Also so amazing to
write to you at that time.
Very much love, Seán

Dear Mr Northwood,

Annene Thomas for touring the
time to give Richard, Nick and myself an
opportunity to visit Rodden Island as part
of our work for RTE in Ireland. It
was a day I shall never forget and
your profound strength, dignity and your
courage of conviction will live long
in my memory,

Annene Thomas,
John Cunningham.

We live in a world where the new buzz phrase is "I want to leave a legacy". Yes, it is an excellent goal to strive towards. However, is it not worth more to **LIVE** a legacy? And the greatest gift of all is **LOVE**. We were created to love and to be loved and we can choose every single day to accept love that is extended to us and to love those close to us and those who are not at all close to us and thus building bridges instead of walls.

At SOS Children's Villages we endeavor to create loving homes for children filled with love, respect and security. Won't you please open your hearts again this season and give a donation (see enclosed donation form) to help our children to really understand their worth.

Please visit our website www.sos.org.za to see all the wonderful things you have helped us achieve. And you will remain part of all the plans we have for the future. Then please look at the donation form and use one of the many options to share love and care **with almost seven thousand** children in the folds of SOS Children's Villages!

We pray that you and your loved ones share love this **BLESSED** season and that you experience the great gift of receiving **LOVE**.

May God watch over you always.

Dear Mr K,

Many congratulations on your election to the NEC. I expected nothing less.

I know your responsibilities must have increased tenfold but I hope you will be able to make some time available for old comrades.

I'll even cook for you if you're now ensconced at No 13.

Always Tommy.
